

	Fall	Spring
Year 1	Just engineering	Just engineering
Year 2	Just engineering	You have a decent level of French and suddenly realize that you want to pursue a dual degree... here's what you can do *FREN 3211W (3 credits) or FREN 32xx elective 3102 French for Engineering (1 credit)
Year 3	*FREN 3268W(3 credits) Or FREN 32xx elective 3101 and 3103 (1 credit each) (5 credits)	FREN 32xx(3 credits)
Year 4	12 Credits of FREN courses 3-6 credits related area classes	Engr 3283 – Foreign Study for Internship Abroad (6 credits) – used as related area courses FREN 3283 Internship(6 credits)
Year 5	FREN 32xx (3 credits) elective	French 32xx (3 credits) elective

NOTE:

- Three 1-credit French for Engineering classes, usually spread over three consecutive semesters (Fall, Spring, Fall) FREN3101-FREN3102-FREN3103.
- At least one French-language W course (FREN 3268W OR 3211W).
- You will also need 12 credits of “related” courses (or the equivalent of 4 courses) from programs other than French, either connected to French and Francophone world (including business and science) or in other languages, Human Rights, or European Studies. All students in Technopole France will **earn 12 related credits while in France.**
- All core courses must be taken at Storrs (3268, 3268/W, OR 3269)
